## Assignment 2 – Entity Relationship Diagrams

Data Source: <https://www.kaggle.com/nypd/vehicle-collisions?select=database.csv>

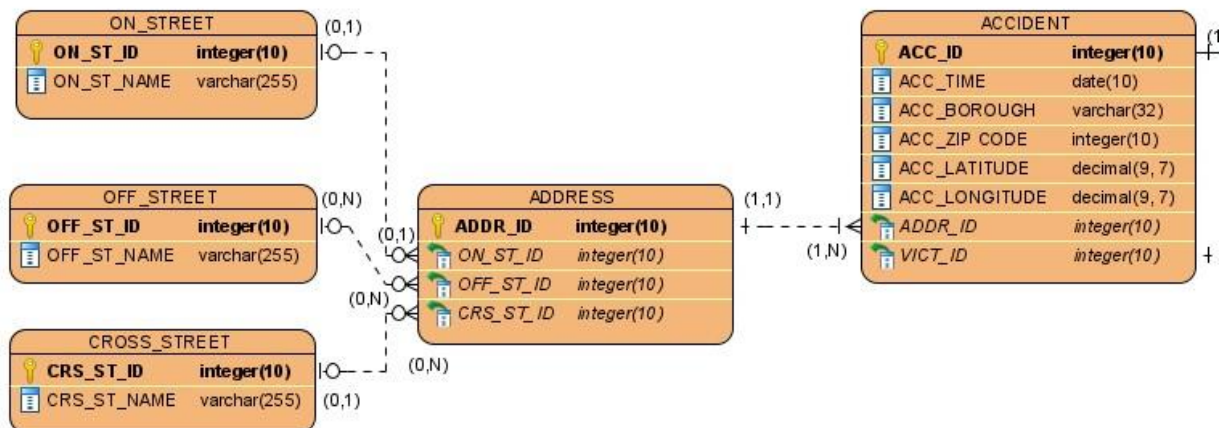

- Please screenshot each table showing the data contained within it and include the images below. (10 pts)

### 1.1. Entire screenshot

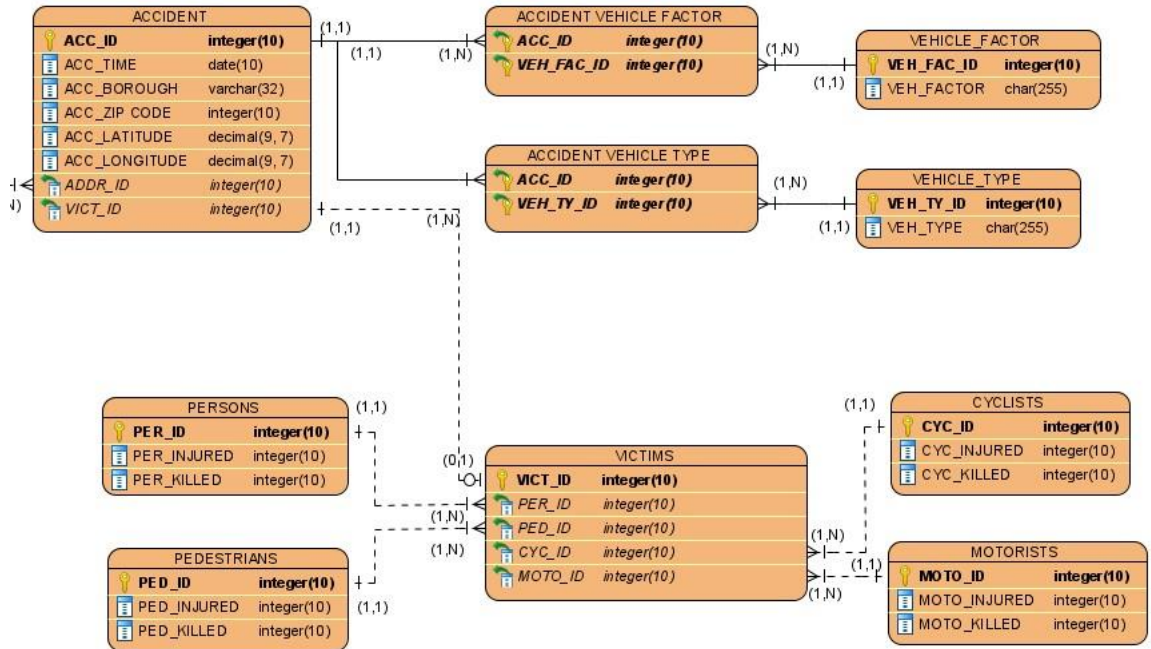

### 1.2. Left part

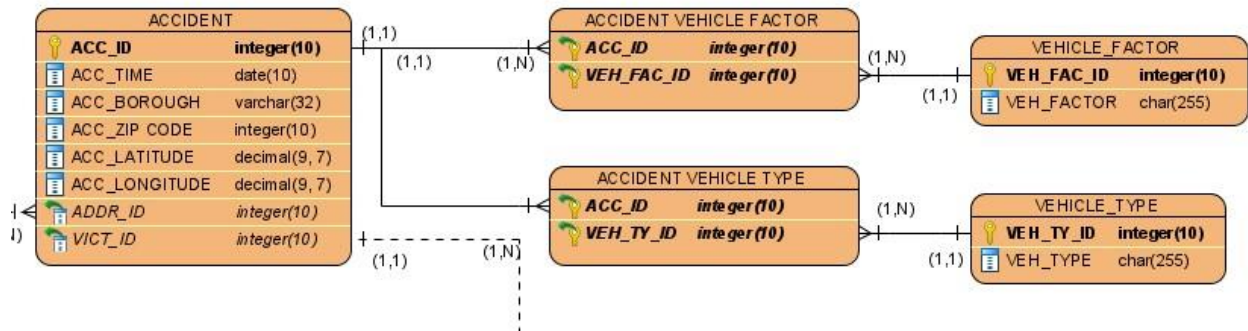

: The data type of 'ACC\_TIME' in the 'ACCIDENT' table is 'datetime'. I chose the most similar one 'date' because there was no option for 'datetime' in my Visual Paradigm option. Please understand this situation, please.

### 1.3. Right part

### 1.4. Vehicle Factor and Vehicle Type

### 1.5. Persons, Pedestrians, Cyclists, Motorists
